

Subscribing to the Chatbot Builder

In order to add the Chatbot Builder functionality to your Danielle Software account to customise existing chatbot dialogue flows and create your own, you need a user account that has been assigned the "HR" profile in the [user management](#) section. To subscribe, please follow the steps below:

Log in to Danielle Software with your user name and password, and click on "Payment" in the "Settings and Payment" section:

If you have not yet added a payment type, add one now by clicking on "Add payment type", and enter your bank details.

Selection of payment types

☐ Direct debit XXXX XXXX XXXX 3000

Add payment type

Under "Regular payment", select the checkbox for "Chatbot Builder". Then select the checkbox to confirm that you have read and accepted the terms and conditions and the cancellation policy, and click on "Pay".

Regular payment

The costs for the file depend on the number of employees. You have to pay this amount regularly on a monthly basis, at least for the duration of the survey (if available). It is possible to change the number of employees afterwards, but in this case the total costs would change and vary monthly. The subscription can be cancelled at any time (see our general terms and conditions for the exact details)

Selection	Name	Unit price	Amount / Number of employees	Total price
<input checked="" type="checkbox"/>	Chatbot Builder	xxx,xx €	1	xxx,xx €
Total net:				xxx,xx €
VAT 19.0%				xxx,xx €
Amount to be paid:				xxx,xx €

We take the protection of your personal data very seriously and therefore we will not pass on your data to third parties.
