

# Deleting Customised Chatbot Answers

Customised chatbot answers can be deleted and the respective default responses can be restored.

To do this, open the customised version of the answer to be restored, which can be identified by the “@MY” suffix. Then delete it by clicking on the “Delete” icon:

Add/Edit Message

Key

faq.ihk.interview.reaktion.unzulaessig.de.@MY

GermanEnglishFrench

Applicants do not need to answer illegitimate questions and can refuse to answer them. However, since not answering a question can disclose information to the interviewer as well, applicants may also deliberately answer the question untruthfully according to the German General Equal Treatment Act (“Allgemeines Gleichbehandlungsgesetz”). This applies to questions regarding race, gender, age, sexual orientation, religion or beliefs in particular.

Add

The default answer is then active again and is no longer grayed out in the list.
