## **Applicants**

All communication with job applicants can be managed under the tile Applicants.

## Applicants

All relevant information on individual applicants is contained respectively in the electronic personnel files. Digitised documents, such as certificates and references, can be also be uploaded. The history in the personnel file is complete and continuous meaning that you can always see the time an entry is made as well as its creator. An applicant's data are entered in the mask of the personnel file in the same way as the creation of a new employee. You can access the mask for new creations when you click on blocked URLin the employee overview.

Now the details for the new employee have to be amended. To this end, please change the employment status to *Employed* and allocate the employee a *business e-mail address*. Other fields, for example under Department, can now be completed or documents such as the employment contract can be attached. Please see <u>Personnel management</u> for more details on creating an employee.
