

Payment

Choose the solutions you would like to use in your company from the tile **Payment**.

Payment

i The software is used via your web browser. The individual functions can be used for three employees free of charge. If you then decide to use our software, the monthly fee is calculated for each employee. An overview of the prices is stored [here](#).

The missing data must first be filled in under **Overview** before a complete invoice can be issued. Then press . If your company is not located in Germany, please enter the VAT ID.

The screenshot shows a web application interface. At the top, there's a navigation bar with 'Overview' and 'Payment' tabs. Below the navigation bar, there's a table with columns for 'Invoice', 'Status', 'Due date', 'Paid date', and 'Amount'. The table contains three rows of data. Below the table, there's a section titled 'Payment types' with a sub-header 'Direct debit'. Under this section, there's a form for 'Customer data' with fields for 'Customer number', 'Street name', 'Name', 'Company', 'Street house number', 'Postcode', 'City', 'Telephone', 'E-mail address', and 'Additional billing address'. Each field has a dropdown menu or a text input field.

As a selection field, you can enter an **additional invoice address** for sending the invoice. If this field is not filled, only the registered user will receive an e-mail with the invoice attached.

The **selection of the payment method** has now been activated.

You can choose between credit card payment and direct debit for the type of payment. Please go to **Add payment type**.

The screenshot shows a dialog box titled 'Payment types'. It has a close button in the top right corner. The dialog box is divided into two sections: 'Direct debit' and 'Credit card'. The 'Direct debit' section is currently selected and expanded. It contains a text input field for 'IBAN'. Below the input field, there's a message: 'The payment method will only be added after confirmation of the SEPA direct debit mandate!'. At the bottom of the 'Direct debit' section, there's a button labeled 'Add payment type'. The 'Credit card' section is collapsed and has a right-pointing arrow next to its title.

You can also add several payment types and several credit cards. It is also possible to delete your payment methods again. However, you must always have defined a payment type.

Payment by credit card

You can add one or more credit cards. Please make sure that the date for the card has not expired.

Payment by direct debit

If you wish to pay by direct debit, you just have to enter your IBAN and confirm the SEPA direct debit mandate. You will receive this by e-mail. The payment procedure might take a few days depending on the payment date and the bank. As soon as we receive your payment, your survey can go live or your personnel files can be edited on the start date that you have chosen.

You will receive two e-mails informing you about your invoice, which you can download under Overview, and the fact that you can use the personnel files or that the survey is live.

Payment

You can view the payments already made as well as account information and the payment methods stored under **Overview**.

You can also download your invoices as a PDF file here.

The components you wish to use can be selected in the tab **Payment**. The costs for the file depend on the number of employees and the number of months.

You have to pay this amount regularly on a monthly basis, at least for the duration of the survey (if available).

Invoice

Once payment has been made, current and previous invoices will be available under the tab 'Overview'. An overview of all payments made, the payment types defined as well as your company details is provided. Please keep these up to date.
