

Follow-ups for absences

Employees' requests for leave are displayed for superiors and all HR staff in their **Follow-ups** section. Once a request for leave has been processed, the entry in the **Follow-ups** application is deleted.

The screenshot shows the 'Follow-ups' application interface. At the top, there is a search bar labeled 'free text search' and a navigation bar with icons for notifications, settings, and social media. Below the navigation bar, there are tabs for 'Absences', 'Time recording', and 'Employee'. The main content area displays a table of leave requests. The table has columns for 'Task', 'Name', and 'Follow-up Date'. The tasks listed are 'Leave request' for various employees, including Emma Green, Big Boss, and Adam Anitaaaa. The follow-up dates range from July 23, 2020, to September 28, 2020. The URL 'www.personnel-department.cloud' is visible at the bottom.

Processing several leave requests at the same time

Superiors and HR staff can now approve or reject multiple leave requests from different employees at the same time via follow-ups.

The screenshot shows the 'Followups' application interface. At the top, there is a search bar labeled 'free text search' and a navigation bar with icons for notifications, settings, and social media. Below the navigation bar, there are tabs for 'Absence', 'Employee', and 'Time recording'. The main content area displays a table of leave requests. The table has columns for 'Task', 'Name', and 'Follow-up date'. The tasks listed include 'Leave request open' and 'Sick note missing' for various employees, including Robert Fahrtnmann, Tayo Azikiwe, Karl Bohme, and Hiroto Tanaka. The follow-up dates range from January 3, 2018, to December 21, 2021. The URL 'www.personnel-department.cloud' is visible at the bottom.

To do this, the desired lines must first be selected by activating the corresponding check boxes on the left. These can then be processed collectively using

buttons (on the right).

All notifications that do not concern leave requests are excluded from processing and marked as inactive by their colour.

A confirmation dialogue is displayed as to whether the approval or rejection should really be carried out. When it is confirmed, the previously selected records are processed and then removed from the follow-ups.

You can specify if and when you want a reminder in the "Follow-ups" section for employees on sick leave who have yet to submit a sick note. This can be done via the "Setup" application under "Company" **Days for health insurance certificate**. When the period has elapsed, a reminder will be generated in the "Follow-ups" section for the HR staff as well as the employee on sick leave. It will be displayed in the user's **My Follow-ups** section in a separate table.
