Comment:

We will treat the details that you provide during registration as confidential and will not pass these on to any third parties. You can find more information on confidentiality in our [privacy policy](#).

We also issue a regular newsletter to inform you of any updates. You can configure the newsletter settings or change your password after you log in under **My settings** at [www.danielle-software.com](http://www.danielle-software.com).

Directly after registration, an e-mail containing a validation link will be sent to your e-mail address. Please activate this link and then go to a confirmation page with the link to Danielle Software.

Please log in by entering your username (e-mail address) and your password and you will receive free access to the application, without having to install it.
